- Enzyme producing bacteria
- Digests grease & other wastes
- Helps protect drain fields
- Safe for all plumbing
- Easy-to-Use effervescent tablets
- Keeps drain lines free flowing
- Reduces odors
- Environmentally friendly

Septic Fizzytabs™ are a powerful septic system and drain line treatment in an easy-to-use effervescent tablet. Simply remove a tablet from the foil, drop it into a toilet bowl, allow time to dissolve and flush. It's that easy!

Septic Fizzytabs™ release millions of beneficial bacteria into your system. These bacteria enhance the natural populations and replace those bacteria lost to antimicrobial soaps and other harsh chemicals. They go straight to work digesting excessive grease, fat, protein, starch and many other organic compounds that may otherwise accumulate and cause problems.

Septic Fizzytabs™ should be used in combination with regular septic tank pumping. Consult your septic system professional for a pumping schedule that's right for your system.

Septic System Maintenance: Remove tablet from foil, drop into toilet bowl, allow time to dissolve and flush. Use 1 tablet monthly for each 1,000 gallons of tank capacity. For problem systems, Increase treatment frequency.

Drain line Maintenance: Dissolve tablet into a mop bucket or other container with at least one gallon of water. Pour the product evenly into all drain lines. Repeat monthly.

CAUTION: Keep out of reach of children. Eye Irritant. In case of eye contact, flush eyes with water for 15 minutes.
